

FOR IMMEDIATE RELEASE

# LAWPRO to digitize core system with OneShield

**Marlborough, MA – June 8, 2021:** Seeking to eliminate a wide range of manual processes and completely transform a complex web of internal and third-party IT applications and systems, Toronto-based **Lawyers' Professional Indemnity Company (LAWPRO)** ([www.lawpro.ca](http://www.lawpro.ca)) has chosen **OneShield Software's** ([www.OneShield.com](http://www.OneShield.com)) SaaS offering, OneShield Market Solutions. OneShield will implement its full suite of automated solutions for end-to-end policy administration, billing, claims, reporting, and analytics. Considered a professional liability leader, LAWPRO provides primary errors and omissions insurance coverage for Ontario lawyers, excess insurance for lawyers and law firms, and title insurance across Canada.

"This partnership allows us to replace disparate legacy systems and modernize processes with technology that will deliver significant improvements to our stakeholders," says Daniel E. Pinnington, President & Chief Executive Officer of LAWPRO. "Leveraging OneShield's SaaS, our claims and underwriting team will be able to enhance the level of service offered while we automate manual processes, digitize assets and data, and streamline various aspects of our processes and workflows."

"Key to our decision in choosing OneShield was that they displayed a clear understanding of our business. Plus, with their Program Consulting discipline, they clearly defined the overall project implementation plan with insights to timeline and costs which provided us the much-desired transparency into this important transformation project."

Amongst the many benefits of digitizing their platform, LAWPRO will be able to stay ahead of market trends leveraging real-time data insights and reporting and enhance client interactions by way of a robust customer portal and a defense counsel's extranet for claims litigation management and invoice submissions.

OneShield's SaaS provides out-of-the-box functionality for policy management (quoting, binding, and servicing), billing (invoicing through to payment), and claims administration (first notice of loss through to payment), including document management, reporting, and analysis — and all completely configurable for LAWPRO-specific requirements.

"OneShield is excited to partner with LAWPRO," says OneShield Chief Revenue Officer Liza Smith. "This is the latest in a series of wins in the professional liability marketplace. In this specialized field, insurers recognize the strategic advantages of a proven SaaS offering that is designed to handle complex insurance products while ensuring the technology will be responsive as their business needs change."

**About LAWPRO**

Lawyers' Professional Indemnity Company (LAWPRO) is owned by The Law Society of Ontario and is licensed to provide professional liability insurance in Ontario and title insurance across Canada. Through its malpractice insurance program, LAWPRO insures almost 29,000 practicing lawyers and their paralegal partners in Ontario, as well as providing them with risk and practice management information under the practicePRO banner. LAWPRO's TitlePLUS title insurance program is available to Canadian lawyers and Quebec notaries to better meet their clients' needs for professional legal advice and superior protection for their real estate transactions.
